Friends in Action of the Eastern Panhandle (FIAEP) is a 501(c)(3) non-profit family mentoring organization serving motivated families in need in the Eastern Panhandle of West Virginia.

FIAEP uses the power of friendship to bring about positive change in the lives of motivated families in need. Our goal is to empower families to achieve economic, educational, social, and emotional goals that will lead to self-sufficiency and improve their well-being. FIAEP facilitates the linking of a team of volunteer-mentors to work one-on-one with a family to break down seemingly impossible goals into manageable objectives and actions. Friends in Action does not solve problems, but helps families learn to rely on their own unique strengths to face and improve their lives.

Our mission is to
**strengthen families and
build community.**
